2025 1L Alberta Summer Student Program

We are currently seeking students who share our commitment to the highest standard of professional performance to participate in our 2025 1L summer student program in Calgary and Edmonton. Law students who are currently in first year are eligible to apply.

With offices in Vancouver, Edmonton, Calgary, Saskatoon, Regina and Winnipeg, MLT Aikins is a leading firm in Western Canada and dedicated to legal excellence and innovative client service.

Our geographic reach and focused areas of practice provide exceptional learning opportunities for our students. Our summer student program is designed to provide students with practical exposure to the various practice areas within our litigation and corporate law departments.

We provide our summer students with opportunities to experience all areas of legal practice within our firm, and we facilitate direct exposure to our clients. Our program introduces students to many aspects of the practice of

law, including attending questionings, court hearings and client meetings. Students may also gain experience drafting pleadings and commercial agreements and assisting in a variety of commercial transactions.

Our lawyers provide a high level of focus and work collaboratively with teams across the firm's offices to bring our clients the benefits of a full-service business law firm with a significant understanding of our broad practice areas.

Students are provided the opportunity to work closely with members of our firm at all levels of seniority. We also encourage our students to attend the many social and community events that our firm organizes and takes part in throughout the year.
